Clarifications regarding the tender procedure Design and delivery of a training programme on “Enhancing EU Market Readiness of Albanian Innovative Start-ups and MSMEs” – Reference 16318/29

Question: In case of a tender submitted by a consortium of legal entities, is this 7-year experience requirement assessed at the level of the consortium as a whole, meaning that it may be demonstrated through the relevant organisational experience of one or more consortium members, or must each consortium member individually meet the minimum 7-year requirement?

Clarification: In the case of a consortium, each consortium member shall individually meet the applicable experience and qualification requirements set out in Section 5 of the Terms of Reference, including the minimum 7-year professional experience requirement.
